This document is a repository of **cut lists** issued by the Central Board of Film Certification (CBFC) from 2018 to 2022.

What to keep in mind when using this repository

- **Date range:** This repository does not contain certificates issued prior to 2018. These can be obtained via Right to Information applications to the CBFC. Older certificates (prior to the 2000s) are only stored in government archives around the country. Certificates from 2023 onwards will be published separately.
- **Completeness:** This repository relies on data that has been duly uploaded by the CBFC to the e-Cinepramaan portal. If the CBFC has not uploaded data to this site for a particular title, it will not be available in the below repository. This document only contains cut lists for films where censorship has been applied. It does **not** contain details of films which were **cleared uncut** by the CBFC.
- **Age ratings:** This document does not contain the age ratings of any films, as it is a compilation of Part II of CBFC certificates. Details of Part I, which contain the age classification (U, U/A, A and S as of writing) can be checked on the CBFC's website.[1]
- **Verification:** The cut lists on this document can be viewed online on the CBFC's e-Cinepramaan portal. However, this will require the raw files of each individual cut list, and instructions on how to construct the URL for any given cut list. Please request these from me via Direct Message on Twitter if you need help with verification. (https://twitter.com/AroonDeep)
- **Clipped lists:** Unfortunately, some of these cut lists are clipped at the bottom or side of a page, due to the automated nature of the scraping that resulted in this repository, as well as due to the non-scrape-friendly design of the website. You can contact me if you need help with some of these clipped lists.
- **Notation:** Some films may appear twice, or be issued on a date that is well past the original release. This is mostly because films that are shown on TV are required to be certified by the CBFC. The certificate number for these usually starts with "V" instead of "D".
- **Order:** There are nine CBFC Regional Offices in India. This repository is ordered overall chronologically, and per year by office.

Thanks are due to SN Sriram, who wrote and executed the code to scrape and compile these cutlists. Also thanks to PDFSam developer Sober Lemur S.r.l. for making a free version of their software that was key in compiling and organising this repository.
